CHIC FRAMEWORK
HEALTHY HOMES

AVAILABLE TO CHIC MEMBERS

HEALTHY HOMES

REF: 2023/S 000-034414

START: 11/04/2024

END: 10/04/2028

This comprehensive four year framework encompasses a diverse range of solutions designed to enhance residential properties and improve tenants lives. It enables landlords to seamlessly execute retrofit energy efficiency solutions and property safety refurbishments. Through strategic collaboration with CHIC's supply chain partners, it includes Consultancy Services, Fabric First Measures, Ventilation Systems, Renewable Energy and Heat Systems, House Refurbishment, Damp and Mould Treatments and cutting edge Digital Measuring Tools and Platforms.

The requirement for this framework is underscored by the continuing challenge to deliver sustainable and socially responsible buildings that are compliant with ever changing regulatory standards. With energy inefficiency posing a significant challenge and safety concerns increasing in recent years, a structured and comprehensive approach was required. This framework serves as a bridge, aligning the needs of landlords and tenants while driving the sector towards a more sustainable future.

Compliant with PAS 2030 and 2035 and Building Safety Bill standards, it serves as a unified solution for landlords to realise their net zero emissions goals. By integrating goods, works and services, it streamlines the process of surveying, design, coordination, assessment and implementation, making sustainability and safety more attainable.

CHIC Members can access the framework for local, regional and national projects and programmes.

The framework is split into three different Lots as below:

Lot 1 – Consultancy Services: Tailored for firms specialising in consultancy and design services, it offers expertise in developing strategies , assessing, planning and advising on energy efficiency and safety enhancements.

Lot 2 – Works and Services: Designed for suppliers offering tangible services, this lot encompasses the execution of retrofitting measures, property safety refurbishments and the implementation of various solutions specified within the framework.

Lot 3 – Digitisation: Focused on innovative digital solutions, it includes suppliers skilled at providing digital tools and platforms essential for measuring, monitoring and managing the effectiveness of the implemented solutions.

FRAMEWORK STRUCTURE

REF: 2023/S 000-034414

START: 11/04/2024

END: 10/04/2028

MORE ABOUT CHIC

CHIC is a not for profit, member owned and governed asset management consortium. We offer a wide selection of services for our members in the affordable housing sector, for other public sector bodies and for charities. We provide procurement and contract support solutions, delivering savings, efficiencies and added social value.

Membership

Membership of CHIC is open to any housing association, public sector body or charity. It is free to join and members can use as few or as many of our services as they choose.

Services

CHIC provides a comprehensive selection of services. Together, these provide a full suite of contractor and supply chain solutions for affordable housing landlords and other public sector bodies, across their asset management and development programmes. All services are underpinned by a range of frameworks, a dynamic purchasing system (DPS) and some long term contracts.
