

CHIC FRAMEWORK
FIRE & BUILDING SAFETY

AVAILABLE TO CHIC MEMBERS

FIRE & BUILDING SAFETY FRAMEWORK

REF: 2024/S 000-024913

START: 01/02/2025

END: 31/01/2029

CHIC's comprehensive Fire Safety Framework is designed to meet the evolving needs of its members and provides a robust, compliant route to market for fire safety installations, servicing, maintenance and consultancy services.

Developed in close collaboration with members, consultants and contractors, this framework aims to enhance fire safety compliance across diverse building types while encouraging innovation and efficiency. With a strong focus on flexibility, sustainability and collaborative outcomes, the framework aligns with key legislative requirements, including the Building Safety Act 2022.

Fire safety is a critical component of a comprehensive strategic asset management approach for Registered Providers. Ensuring robust fire safety measures not only protects residents but also underpins the long-term sustainability and compliance of building assets.

This framework provides an integrated fire prevention solution, supporting members in meeting their regulatory obligations, enhancing building safety and supporting proactive risk management. Members can procure services through mini-tenders or direct awards, ensuring flexibility and efficiency in meeting their specific requirements.

FRAMEWORK OVERVIEW

The framework is split into three different Lots as below:

LOT 1 - FIRE SAFETY INSTALLATION AND REPLACEMENT

Provides access to specialist firms for fire detection, suppression, extinguishing and passive protection systems through individual or multi-disciplinary contractors. Services cover passive and active fire protection and suppression systems.

- **Passive Fire Protection Installations:** Includes surveys, design, installations, remedial works, and maintenance to ensure compliance with current and future fire safety legislation.
- **Active Fire Protection Installations:** Covers design, installation and commissioning of systems such as alarms and detection, per Fire Safety Order 2005 and Building Safety Act 2022.
- **Fire Suppression System Installations:** Design, installation and commissioning of suppression measures like sprinklers to limit fire and smoke spread.
- **Multi-disciplinary Fire Safety Installation:** Access to suppliers offering comprehensive fire safety services.

LOT 2 - FIRE SERVICING AND MAINTENANCE

Comprises specialist firms for fire safety testing, servicing and maintenance through individual or multi-disciplinary providers.

- **Active Fire Protection Servicing and Maintenance:** Ensures active fire safety systems are functional and compliant.
- **Fire Suppression Systems Maintenance:** Testing and servicing suppression systems like sprinklers to maintain compliance.
- **Multi-disciplinary Fire Safety Servicing & Maintenance:** Comprehensive solutions for servicing and maintaining fire systems.

LOT 3 - FIRE CONSULTANCY AND MANAGEMENT

Offers firms specialising in fire safety strategies, risk management and support services, like waking watch.

- **Fire Safety Consultancy:** Assistance with fire safety provisions, strategy development and compliance with legislation.
- **Fire Risk Assessments:** Identification of fire hazards, risk evaluation and action plans.
- **Waking Watch:** Trained personnel to patrol buildings, detect fires and support evacuation strategies.

FRAMEWORK STRUCTURE

LOT 1 – INSTALLATION AND REPLACEMENT WORKSTREAMS

Workstream 1 - Compartmentation

- Protected lobbies, corridors and stairways
- Lift enclosures
- Air circulation/ventilation systems, ducts and pipework
- Electrical installations, conduits, trunking and cable trays and supports
- Other service penetrations
- Refuse chutes, hoppers and bin stores
- Beams, structural elements and penetrations
- Walls, cavities, ceilings and floors

Workstream 2 - Fire Door sets

Supply, delivery and Installation of standard and bespoke door sets, which includes door leaf, frame, threshold, ironmongery, hinges, locks, kick plates, handles and door closers and any other components including glazing, fanlights, sidelights, solid glazing, panels and fire stopping to cavities etc.

MORE ABOUT CHIC

CHIC is a not for profit, member owned and governed asset management consortium. We offer a wide selection of services for our members in the affordable housing sector, for other public sector bodies and for charities. We provide procurement and contract support solutions, delivering savings, efficiencies and added social value.

Membership

Membership of CHIC is open to any housing association, public sector body or charity. It is free to join and members can use as few or as many of our services as they choose.

Services

CHIC provides a comprehensive selection of services. Together, these provide a full suite of contractor and supply chain solutions for affordable housing landlords and other public sector bodies, across their asset management and development programmes. All services are underpinned by a range of frameworks, a dynamic purchasing system (DPS) and some long-term contracts.

THE TEAM

Please get in touch

CHIC supports members to secure access to a wide range of contractors, suppliers, merchants and consultants from our frameworks and contracts, through mini-competition or direct award. We fully support the procurement process, with dedicated member services and supply chain management support.

Once contracts are awarded, we provide ongoing member advice and reporting, including comprehensive commercial catalogue management and value for money reporting.
